Why does the primary disability code come from a student's restraint or discipline record?

The 2019-2020 SPPI-14 collection will use 2018-2019 (prior year) special education data. For the 2018-2019 school year, the primary disability code is not collected on the Special Education Program complex type. Yes. This is required in order to match a student to a parent.

Are all LEAs required to submit SPPI-14 data?

Does the SPPI-14 submission need to be approved?

No. This submission does not require approval. Once the LEA verifies the report, the submission can be completed.
