# AGENDA

## Other Legislative Changes:

- High School Equivalency Program (HB 1051)
  - HB 1051, passed in the 86th Legislative Session, amended TEC 42.006 by adding Subsection (a-8) and (a-9) that requires local education agencies (LEAs) who have been identified as a Dropout Recovery School (DRS) to report through PEIMS, students who enroll in a High School Equivalency Program (HSEP), a dropout recovery program, or an adult education program provided under a high school diploma and industry certification charter school program and who:
    - are age 18-25,
    - have not been previously reported to TEA as dropouts, and
    - enroll in the program after not attending school for a period of at least nine months.
- Industry Certification Exam Fees and Vendors
  - Under House Bill 3 (HB 3), local education agencies (LEAs) are entitled to a reimbursement to help defray the cost of industry certification exams. Each LEA cannot receive more than one reimbursement per student and a student may not receive more than one subsidy. These indicators will also be added to TREx, if a student moves between LEAs, the new LEA will need to know if the reimbursement happened since it is only one per student. Funds to reimburse LEAs that pay for an industry certification for a student will be provided by the Texas Education Agency (TEA) to LEAs as authorized under HB 3.

## Other Legislative Changes – CONT'D:

- Remove OnRamps
  - OnRamps is a dual enrollment program founded by the University of Texas at Austin (UT) in 2011 to increase the number and diversity of students who engage in learning experiences aligned with the expectations of leading universities. The ONRAMPS-DUAL-ENROLLMENT-INDICATOR-CODE (E1597), collected in the PEIMS Summer Submission and PEIMS Extended Year Submission, indicates whether the student has successfully completed an OnRamps dual enrollment course. The Performance Reporting Division at the Texas Education Agency (TEA) now receives this information directly from UT, so it is no longer necessary to collect the data in PEIMS.

    - Special Instructions:  
**This Data Element is only to be reported by LEAs identified as a Dropout Recovery School campus.**
      - ADULT-PREVIOUS-ATTENDANCE-INDICATOR-CODE = 1 means, Yes, they have attended school in the previous nine months prior to enrolling in one of the above mentioned programs.
