ATTENDANCE

- Initially, TEA will collect attendance two ways. First, the granular attendance will be collected and used by TEA to calculate attendance. Second, cumulative attendance will be calculated by the LEA and sent to TEA.

CUMULATIVE BASIC ATTENDANCE – CURRENT

- Cumulative attendance is collected through the **BasicReportingPeriodAttendanceExtension**.

Element ID	Data Element	XML Name	TSDS	FALL	MDYR	SUMR	EXYR	Length	Data Type	Code Table ID

E1703	RA-ELIGIBLE-DAYS-PRESENT-V2	
E1704	RA-ELIGIBLE-DAYS-PRESENT-V3	

FREQUENTLY ASKED QUESTIONS

FREQUENTLY ASKED QUESTIONS

Is there a difference between the data elements *ReportingPeriod* and *Term*?

No, the data element *ReportingPeriod* will be used for the Texas extended entities in the Student Attendance domain. When TEA no longer collects cumulative attendance, *ReportingPeriod* will no longer be collected. The data element *Term* replaces *ReportingPeriod* and is in the Session entity in the School Calendar domain. The Session entity is referenced in the *StudentSchoolAttendanceEvent* entity. The descriptor table for *Term* is identical to the descriptor table for *ReportingPeriod*.

FREQUENTLY ASKED QUESTIONS

How long will TEA collect the cumulative attendance? Will the cumulative or granular attendance be the official attendance record for the LEA?

Cumulative and granular attendance will both be collected until the calculations and reports for the granular attendance are determined to be accurate. During this time, the cumulative attendance reported by the LEA will be the official attendance record.

TEA

CLOSEOUT

tsds

KEY TAKEAWAYS

Attendance will be collected two ways, *granular* and *cumulative*.

When collected, the *cumulative attendance* will be the *official record* for the LEA.

If a student is in-person *present*, a *StudentSchoolAttendanceEvent* will not be reported. The *StudentSchoolAssociation* will be used to determine if the student is in-person *eligible* or *ineligible*.
