<b>Definition</b>

<b>Special Instructions</b>			
<p>An associate degree is defined as an award that normally requires at least 2 but less than 4 years of full-time equivalent college work in a grouping of courses designed to lead the individual directly to employment in a specific career or to transfer to an upper-level baccalaureate program. This specifically refers to the associate of arts, associate of science, associate of applied arts, associate of applied science, associate of arts in teaching, and associate of occupational studies degrees. The term "applied" in an associate degree name indicates a program in which the content is primarily technical. (Source: Texas Higher Education Coordinating Board Glossary of Terms)</p> <p>The district where the student received the associate degree will be the district to report this information. Schools should not wait to report the associate degree information at the point of graduation if the student earns the associate degree prior to graduation. It should be reported in the next PEIMS Submission after the degree is earned. A student may be reported as having an associate degree at any point while in 11<sup>th</sup> or 12<sup>th</sup> grade, or by August 31 immediately following graduation.</p>

## 02 – Immigrant

#### Definition

The **Immigrant** student characteristic indicates whether the student is an identified immigrant under the definition found under Title III of the No Child Left Behind Act of 2001 (NCLB), where the term 'immigrant children and youth' is defined as, "individuals who are aged 3 through 21; were not born in any state; and have not been attending one or more schools in any one or more states for more than 3 full academic years. The term 'State' means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico. (See P.L. 107-110 Title III, Part C, §3301(6)).

#### Special Instructions

Immigrant status under the Title III – Language Instruction for Emergent Bilingual and Immigrant Students of the No Child Left Behind Act of 2001, should not be confused with immigrant status as defined for the Department of Homeland Security (DHS). Districts should not assume responsibility for determining the extent to which students are legal or illegal immigrants under DHS regulations. Definition of immigrant should not be confused with definition used for state assessment purposes or definition used for student eligibility to English I for Speakers of Other Languages or English II for Speakers of Other Languages taught in high school.

Texas is required to use the federal definition under Title III of NCLB in order to determine immigrant student counts for funding and for coding in PEIMS.

### 03 – Migratory

#### Definition

The **Migratory** student characteristic indicates whether the student (ages 3-21) is a child who in the preceding 36 months made a qualifying move as a migratory agricultural worker, including migratory dairy worker, or migratory fisher, or moved with or to join a parent, spouse, or guardian who is a migratory agricultural worker or fisher.

“Qualifying move” means a move due to economic necessity from

- 1) one residence to another; and
- 2) has moved from one school district to another; or
- 3) resides in a school district of more than 15,000 square miles, and migrates a distance of 20 miles or more to a temporary residence and have either (1) engaged in a new qualifying work soon after the move, or (2) if the worker did not engage in new qualifying work soon after the move, actively sought such employment and had a history of moves for qualifying work.

#### Special Instructions

The student does not have to actually receive migrant-funded services in order to be coded as a participant in the program (code 1). The student simply has to be eligible under the federal legal definition of an eligible migratory child. To be eligible under the federal definitions listed above, the child must have a current Certificate of Eligibility (COE) on file at the district or regional education service center completed and signed by an individual trained by the Texas Migrant Education Program (MEP). The district should ensure that all school-aged children coded on PEIMS and all children listed on the COE should match. Questions regarding eligibility, program qualification, etc. should be directed to the migrant funded staff at the regional education service center.
