Element ID	Data Element		Date Issued	Date Updated
E0760	PercentDayEmployed		04/02/1987	03/01/2019
Definition				
<p>PercentDayEmployed is that percentage of a standard district workday for which the employee is hired to work. For an employee on contract, the percentage may be determined directly from the contract: full-time = "100"; half-time = "50"; and so on. For an employee who is not on contract, the percentage may be determined as follows.</p>				
Special Instructions				
<p>The value reported must be a whole number. If the computed value is greater than ". ##50...", use rounding to the next higher percent to avoid the use of decimals or fractions. For example, .6251 is reported as "63".</p> <p>Example: The standard workday for the district is 7 hours. An employee is hired to work for 4 hours a day. This data element is coded as "57" for this employee because $4/7 = .571$, which is rounded down.</p>

02 – Immigrant

Definition

The **Immigrant** student characteristic indicates whether the student is an identified immigrant under the definition found under Title III of the No Child Left Behind Act of 2001 (NCLB), where the term 'immigrant children and youth' is defined as, "individuals who are aged 3 through 21; were not born in any state; and have not been attending one or more schools in any one or more states for more than 3 full academic

years. The term ‘State’ means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico. (See P.L. 107-110 Title III, Part C, §3301(6)).

Special Instructions

Immigrant status under the Title III – Language Instruction for Emergent Bilingual and Immigrant Students of the No Child Left Behind Act of 2001, should not be confused with immigrant status as defined for the Department of Homeland Security (DHS). Districts should not assume responsibility for determining the extent to which students are legal or illegal immigrants under DHS regulations. Definition of immigrant should not be confused with definition used for state assessment purposes or definition used for student eligibility to English I for Speakers of Other Languages or English II for Speakers of Other Languages taught in high school.

Texas is required to use the federal definition under Title III of NCLB in order to determine immigrant student counts for funding and for coding in PEIMS.

Special Instructions

The student does not have to actually receive migrant-funded services in order to be coded as a participant in the program (code 1). To be eligible under the federal definitions listed above, the child must have a current Certificate of Eligibility (COE) on file at the district or regional education service center completed and signed by an individual trained by the Texas Migrant Education Program (MEP). The district should ensure that all school-aged children coded on PEIMS and all children listed on the COE should match. Questions regarding eligibility, program qualification, etc. should be directed to the migrant funded staff at the regional education service center.
