Frequently Asked Questions

When loading KG assessments from the ECDS application it shows that it loaded in the ODS, but when I go into the ODS batch uploads why do I not see the Student Assessment file?

LEAs should check the File Manager in the ODS to see if the StudentAssessment or AssessmentMetadata xml files are showing an error that prevented them from being batched into the ODS uploads.

Frequently Asked Questions

Should Local Education Agencies (LEAs) report all prekindergarten (PK) and kindergarten (KG) students enrolled at any time before the Early Childhood Data System (ECDS) Collections, even if they are not assessed?

LEAs should report all KG and PK students in their respective ECDS Collections that were enrolled at any time before the collection due date, regardless if the student was assessed. In addition, LEAs should be verifying through their business validations and reports if a KG or PK student that is reported should have a TEA Commissioner approved assessment. For the ECDS KG and PK submissions all students that are promoted will show on the ECD0-000-004 KG Data Submission Report or ECD0-000-006 PK Data Submission Report. Those KG students that are submitted without an assessment will display demographics, course/section, special programs information and show as 'Not Assessed' for their assessment information on the report. Those PK students that are submitted without an assessment will display demographics, course/section, special programs information and show as 'Null' for their assessment information. In addition, a special warning business validation should also be triggered indicating the ECDS KG or PK student should have assessment data information reported.

The background of the slide is a photograph of a classroom scene. A female teacher with blonde hair, wearing a striped shirt and purple pants, is sitting on a chair and pointing towards a whiteboard. Several young students are sitting on the floor, looking at the teacher. One boy on the left is raising his hand. The whiteboard has Spanish text and a chart titled 'SONIDOS INICIALES' (Initial Sounds) with various letters and corresponding illustrations. On the wall behind the teacher are several crayons with color names in Spanish: anaranjado, azul, rojo, amarillo, café, gris, verde, blanco, and negro. The overall atmosphere is educational and interactive.
