Special Education Language Acquisition Submission due date for LEAs	June 27, 2024
Special Education Language Acquisition data available to customers	July 11, 2024

Application Updates Since Spring Training

None

Frequently Asked Questions

- 1. If an LEA does not have any SELA data to report, do they need to submit any interchanges in the ODS and/or click the promote button in the SELA application in TSDS?**

LEAs that do not have any SELA students to report for the school year, do not need to load any interchanges into the ODS or click the promote button in the SELA application in TSDS.

- 2. I have a district who has a student who uses two hearing amplification types (a different type for each ear). Are they only supposed to report one?**

If the student is using the same hearing amplification type for each ear, then the LEA would only report one. You cannot report the same hearing amplification type twice for one student. If the student uses one type in one ear, and another type in another ear, then the LEA should report each of them since it is two different types.
