This specifically refers to the associate of arts, associate of science, associate of applied arts, associate of applied science, associate of arts in teaching, and associate of occupational studies degrees. The term "applied" in an associate degree name indicates a program in which the content is primarily technical. (Source: Texas Higher Education Coordinating Board Glossary of Terms) The district where the student received the associate degree will be the district to report this information. Schools should not wait to report the associate degree information at the point of graduation if the student earns the associate degree prior to graduation. It should be reported in the next PEIMS Submission after the degree is earned. A student may be reported as having an associate degree at any point while in 11th or 12th grade, or by August 31 immediately following graduation.

02 – Immigrant

Definition
The **Immigrant** student characteristic indicates whether the student is an identified immigrant under the definition found under Title III of the No Child Left Behind Act of 2001 (NCLB), where the term 'immigrant children and youth' is defined as, "individuals who are aged 3 through 21; were not born in any state; and have not been attending one or more schools in any one or more states for more than 3 full academic years. The term 'State' means each of the 50 States, the District of Columbia, and the Commonwealth of Puerto Rico. (See P.L. 107-110 Title III, Part C, §3301(6)).

Special Instructions

Immigrant status under the Title III – Language Instruction for Emergent Bilingual and Immigrant Students of the No Child Left Behind Act of 2001, should not be confused with immigrant status as defined for the Department of Homeland Security (DHS). Districts should not assume responsibility for determining the extent to which students are legal or illegal immigrants under DHS regulations. Definition of immigrant should not be confused with definition used for state assessment purposes or definition used for student eligibility to English I for Speakers of Other Languages or English II for Speakers of Other Languages taught in high school.

Texas is required to use the federal definition under Title III of NCLB in order to determine immigrant student counts for funding and for coding in PEIMS.

To be eligible under the federal definitions listed above, the child must have a current Certificate of Eligibility (COE) on file at the district or regional education service center completed and signed by an individual trained by the Texas Migrant Education Program (MEP). The district should ensure that all school-aged children coded on PEIMS and all children listed on the COE should match. Questions regarding eligibility, program qualification, etc. should be directed to the migrant funded staff at the regional education service center.

The Student Resides In A Facility For The Neglected, Attends A Non-Title I Campus, And Receives Title I, Part A Services Through A Title I; Part A Program That Is Run Through The Central Administration Office.
"Neglected" students are those who reside in a public or private residential (children are under 24-hour care) facility that is operated primarily for the care of children who have been committed to, or voluntarily placed in, the facility because of abandonment, neglect, or death of parents. These students are coded as "A" if they do not attend a schoolwide or targeted assistance campus. Such students who attend a Title I campus would be coded "6," or "7", as appropriate; if they attend a non-Title I campus or if the district provides instructional services to the student at the facility, they should be coded "A." LEAs would only code students as "A" in one of the following circumstances:

- The LEA received a "neglected share" as part of its Title I, Part A entitlement and provided Title I, Part A services to one or more neglected students attending a non-Title I campus; or
- The LEA may not have received a "neglected share," but a facility for the neglected opened within the LEA's boundaries since the last October survey of facilities for the neglected was conducted. In this case, the LEA would report the address of the facility to the Division of Formula Funding at TEA so that a survey would be generated for that facility during the next survey period. If a student residing in this facility attended a non-Title I campus and the LEA provided Title I, Part A services to the student, the LEA would code the student as "A".
