Staff Domain

The Staff Domain captures basic staff information, including information about staff experience and credentials. The domain also captures information about staff employment and assignment relationships with education organizations, including situations where staff may have multiple employment and assignment associations.

The Staff Domain contains the following entities:

- **Staff** is an entity that represents an individual who performs specified activities for any educational institution that provides instructional and support services to students at the early childhood level through high school completion.
- **StaffEducationOrganizationAssignmentAssociation** is an entity that represents position assignments and roles within the local education agency or school.
- **StaffEducationOrganizationEmploymentAssociation** is an entity that represents the education organization an employee, contractor, volunteer, or other service provider is formally associated with, typically indicated by which organization the staff member has a services contract with or receives their compensation.
- StaffSchoolAssociation is an entity that indicates the school(s) to which a teacher provides instructional services for the Teacher Incentive Allotment (TIA). The StaffSchoolAssociation entity is only reported for a TIA-designated, pending designation, or National Board Certified teacher.

Entity Description

The Staff Entity represents an individual who performs specified activities for any educational institution that provides instructional and support services to students at the early childhood level through high school completion.

General Reporting Requirements

The Staff Entity contains data elements that are attributes of a staff member. All school staff who are local education agency (LEA) employees, professionals providing contracted services, a teacher employed at the in-district charter campus by an organization that has been granted a campus charter under TEC, Chapter 12, Subchapter C and is eligible for benefits under TEC, §11.174 and 11.147(b), or volunteers providing professional services, must be reported with a Staff Entity.

The Staff Entity is reported for the following submissions:

PEIMS Fall Submission (1)

- Staff serving an LEA as of the PEIMS Fall snapshot date (last Friday in October) are reported.
- Staff employed (on the payroll) as of the PEIMS Fall snapshot date (last Friday in October).
- Volunteers who are providing a professional service as of the PEIMS Fall snapshot date (last Friday in October).
- Contracted professionals who are serving the LEA on the PEIMS Fall snapshot date (last Friday in October).
- Teachers employed at the in-district charter campus by an organization that has been granted a campus charter under TEC, Chapter 12, Subchapter C and is eligible for benefits under TEC, §11.174 and 11.147(b).

Staff who do not meet the conditions above are not reported in PEIMS Fall Submission (1). For example:

• Staff who have left employment before the PEIMS Fall snapshot date (last Friday in October).

- Staff who have not begun employment as of the PEIMS Fall snapshot date (last Friday in October), even if they have begun employment by the time the data is submitted.
- Short-term substitute teachers, although they may be included on the local payroll.
- Volunteers who are not providing a professional service.

PEIMS Extended Year Submission (4)

Report teachers teaching students in the Additional Days School Year (ADSY) Program. Only staff with *StaffClassification* 047 (Substitute Teacher) and 087 (Teacher) should be reported.

Class Roster Fall Submission

Only LEA-employed or contracted staff serving an LEA as of the last Friday in September who have a *StaffClassification* 047 (Substitute Teacher) and 087 (Teacher) should be reported.

Class Roster Winter Submission

Only LEA-employed, contracted staff, or teachers employed at an in-district charter campus by an organization that has been granted a campus charter under TEC, Chapter 12, Subchapter C and is eligible for benefits under TEC, §11.174 and 11.147(b) serving an LEA as of the last Friday in February who have a *StaffClassification* 047 (Substitute Teacher) and 087 (Teacher) should be reported.

Early Childhood Data System (ECDS) Collection - Prekindergarten (PK)

Only teaching staff with a *StaffClassification* 047 (Substitute Teacher), 087 (Teacher), and 033 (Instructional Aide) providing instruction in course sections for grade level PK should be reported for the ECDS PK Collection.

Early Childhood DataSystem (ECDS) Collection - Kindergarten (KG)

Only teaching staff with a *StaffClassification* 047 (Substitute Teacher) and 087 (Teacher) providing instruction in course sections for grade level KG should be reported for the ECDS KG Collection.

The classification of all staff falls into three main categories: professional, para-professional, and auxiliary.

If an LEA uses the services of student employees, such as cafeteria workers, office workers, etc., and if these students are on the LEA payroll and are subject to withholding taxes and Teacher Retirement System contributions, these students must be reported as LEA staff.

Staff Reported with StaffClassification (CO21) descriptors:

Professional Staff

Professional staff includes all teachers, administrators, certified personnel, and others working in a professional capacity in the LEA. When determining whether a person is an auxiliary or a professional-level employee, the LEA should consider whether the employee is logically grouped with the professional category (with such staff as business managers, personnel directors, teacher appraisers, instructional officers, etc.) or in the auxiliary non-professional category (with such staff as clerks, bus drivers, food service workers, secretaries, etc.).

The classification of professional staff is generally based on two criteria:

- The person is performing a function described by one of the descriptors in the *StaffClassification* table.
- The LEA classifies the person as serving professionally.

If an LEA considers a staff person a professional, then the person must be reported with a StaffClassification.

Substitute teachers are not reported as school staff unless considered long-term substitutes. If a teacher has quit, died, or been terminated from employment, and the LEA has not hired a permanent replacement, staff data is required for a long-term substitute working on the PEIMS Fall snapshot date (last Friday in October).

Contracted Professional Staff

Contracted professional staff hired through a private company, agency, or direct contract are considered part of the professional staff of the LEA or campus and are reported with an appropriate descriptor from the *StaffClassification* table. This requirement includes both instructional and non-instructional contracted professional staff. Contracted instructional staff are reported through the Teaching and Learning Domain.

<u>Teacher Employed By In-District Charter Operator</u>

A teacher employed at an in-district charter campus by an organization granted a campus charter under TEC, Chapter 12, Subchapter C, and the teacher is eligible for benefits under TEC, §11.174 and 11.147(b).

Professional Volunteer Staff

Volunteer staff professionally serving in the LEA are reported with a *StaffClassification*.

Para-professionals

Para-professionals are limited to two services; *StaffClassification* 033 (Educational Aide) and 036 (Certified Interpreters). Para-professional staff is not included in the auxiliary category.

Staff Reported with AuxiliaryRoleId (C213) descriptors:

Auxiliary Non-Professional Staff

Auxiliary non-professional staff includes all other persons serving the LEA as an employee that does not have a specific *StaffClassification*. Do not report contracted auxiliary non-professional staff.

Identifying a person as an auxiliary non-professional does not depend on their educational level or certification status. For example, the school janitor may have a college degree but is identified as an auxiliary staff based on his duties.

Auxiliary non-professional staff includes such employees as food service workers, cafeteria monitors, school crossing guards, security guards, clerks (such as attendance, purchasing, accounting, payroll, general office, file, mail, etc.), receptionists, secretaries, maintenance workers (bus, plant, etc.), groundskeepers, bus drivers, custodial staff, data processing key entry personnel, delivery personnel (mail, equipment, etc.), aides to the school nurse, and library aides. These employees do not fit the description of any *StaffClassification* descriptors, including *StaffClassification* 113 (Other District Exempt Professional Auxiliary) and 114 (Other Campus Exempt Professional Auxiliary) from the *StaffClassification* table. These staff members will be reported with an AuxiliaryRoleId (E1594) under the StaffEducationOrganizationEmploymentAssociation entity.

Auxiliary non-professional staff does not include those employees considered professional-level staff in the LEA. Possible examples of auxiliary professional staff are computer programmers, computer operators, bookkeepers, executive assistants to administrators, or any other professional-level staff with identifiable roles.

Staff Not Reported:

Non-Professional Volunteer Staff

Volunteer staff are only reported if the volunteer is serving the LEA in a professional capacity. Professional volunteer staff will be reported with a descriptor from the *StaffClassification* table. All other volunteer staff are not reported through the TSDS system as school staff.

For the PEIMS Fall Submission (1), each person reported through the StaffExtension entity is required to have a value reported for either the *AuxiliaryRoleId* in the StaffEducationOrganizationEmploymentAssociation entity or the *StaffClassification* in the StaffEducationOrganizationAssignmentAssociation entity.

The reporting of the correct *StaffClassification* and *AuxiliaryRoleId* for each staff person reported through the Staff entity is controlled by the *Object* reported on the *Payroll* entity. A single staff person can have both an *AuxiliaryRoleId* and a *StaffClassification* if the person is paid as a professional and a support person, evidenced by multiple payroll entries.

Special Reporting Requirements

The Texas School for the Blind and Visually Impaired, the Texas School for the Deaf, and the Texas Juvenile Justice Department must not report staff data in PEIMS Fall Submission (1).

CreditableYearOfService (E1721) and *TeacherIncentiveAllotmentDesignation* (E1722) are only reported in the Class Roster Winter Submission for teachers designated or pending designation for the Teacher Incentive Allotment (TIA).

Data Element Reporting Requirements

StaffUniqueId (E1524) is a unique number assigned to a staff member by the Texas Education Agency.

BirthDate (E0006) indicates the month, day, and year an individual was born.

HighestCompletedLevelOfEducation (E0730) identifies the highest post-secondary degree a person has earned from an institution recognized as accredited by the agency.

HispanicLatinoEthnicity (E1064) is an indication that the individual trace their origin or descent to Mexico, Puerto Rico, Cuba, Central, and South America, and other Spanish cultures, regardless of Race. "Spanish origin" can be used in addition to "Hispanic or Latino."

Race (E3050) is the enumeration items defining the racial categories which most clearly reflect the individual's recognition of their community or with which the individual most identifies.

HispanicLatinoEthnicity and Race must be reported using the federal standard required for reporting to the U.S. Department of Education (ED). LEAs are to report the results of the following two-part question for each staff member employed by the LEA.

The ED requires that ethnicity and Race be collected separately using a specific two-part question presented in a specific order. Both parts of the question must be answered.

Part 1. Ethnicity: Is the person Hispanic/Latino? Choose only one.

Hispanic/Latino
Not Hispanic/Latino

Part2. Race: What is the person's Race? Choose one or more, regardless of ethnicity.

- a. American Indian or Alaska Native
- b. Asian
- c. Black or African American
- d. Native Hawaiian/Other Pacific Islander
- e. White

Sex (E0004) is defined as a person's gender.

GenerationCode (E0706) identifies the generation suffix, if any, which the person attaches to his name (e.g., Jr., Sr., III).

TotalYearsProfExperience (E0130) indicates the number of verifiable years of creditable experience specified in 19 TAC, Chapter 153.1021.

Professional staff includes teachers, full-time librarians, full-time counselors, full-time school nurses, other employees who are required to hold a certificate issued under TEC, Chapter 21, Subchapter B, and any other personnel reported by an LEA to the Public Education Information Management System with a "professional" StaffClassification.

TotalYearsPriorTeachingExperience (E1377) is the total number of years an individual has previously held a teaching position in one or more educational institutions.

CreditableYearOfService (E1721) indicates a teacher (StaffClassification 087) who currently qualifies for the TIA allotment or has been submitted by the LEA for a new or change of designation and has been employed by the LEA and compensated or will be compensated by the LEA for a creditable year of service. (§153.1021)

A creditable year of service for the teacher incentive allotment purposes is defined as 90 days at 100% of the day (equivalent to four and one-half months or a full semester) or 180 days required at 50-99% of the day. (§153.1021)

CreditableYearOfService is only reported for teachers designated or pending designation for the TIA in the Class Roster Winter Submission.

YearsExperienceInDistrict (E0161) indicates the number of completed years that a person has been employed in any professional position in the current local education agency or education service center, whether or not there has been any interruption in service.

PKTeacherRequirement (E1581) states that each teacher of record for a prekindergarten program class serving eligible four-year-old students must be certified under Subchapter B, Chapter 21; and have one of the additional qualifications found in the *PKTeacherRequirement* descriptor table.

StaffId (E0505) is the person's Social Security number.

Regardless of citizenship, all staff must report their Social Security number to their employer. If a staff member is lawfully admitted to the United States, with Immigration and Naturalization Service (INS) permission to work in the U.S., they are eligible for a Social Security number. Persons employed as staff in an LEA cannot be reported with an alternative identification number (S Number) as is allowed for students.

TeacherIncentiveAllotmentDesignation (E1722) indicates a teacher (*StaffClassification* 087) is an Active National Board Certified Teacher, holds a current designation (Recognized, Exemplary, or Master), or has been submitted by an LEA for a new or change of designation in the Teacher Incentive Allotment.

TeacherIncentiveAllotmentDesignation is reported in the Class Roster Winter Submission only.

This data is reported using the TeacherIncentiveAllotmentDesignation (C322) descriptor table descriptors. More than one *TeacherIncentiveAllotmentDesgination* may be reported for each teacher.

AdditionalDaysProgramTeacher (E1673) indicates if a teacher is teaching students eligible for the additional days school year (ADSY) program as described in TEC §48.0051.

StaffDoNotReportTSDS (E3069) indicates the staff should not be reported for TSDS state or federal data collections.

StaffType (E1073) indicates whether the staff person is on the local educational agency payroll, is a contracted professional staff person (instructional and non-instructional), or is a teacher (*StaffClassification* 087) employed at an in-district charter campus by an organization that has been granted a campus charter under TEC, Chapter 12, Subchapter C and is eligible for benefits under TEC, §11.174 and 11.147(b).

All staff working at a public school must be reported to the TEA in PEIMS Fall Submission (1).

Depending on the staff that must be reported for a particular collection, each staff person will be classified as one of the following three *StaffType* (C181):

StaffType descriptors:

Descriptor	Translation
1	School District or Charter School Employee
3	Contracted Professional Staff (Instructional and non-Instructional with StaffClassification in CO21 table)

Descriptor	Translation
4	Teacher employed at the in-district charter campus by an organization granted a campus charter under TEC, Chapter 12, Subchapter C and eligible for benefits under TEC, §11.174 and 11.147(b).

BeginDate (E3010) is the first day a staff is assigned to the *StaffType* descriptor.

EndDate (E3020) is the first day after the last day a staff is no longer assigned to the *StaffType* descriptor.

Paraprofessional Certification (E1670) indicates whether a para-professional staff person is certified.

ParaprofessionalCertification is only reported for para-professional staff that provides services to Special Education students. Educational Aides (*StaffClassification* 033) serving special education students (*PopulationServed* 06).

BeginDate (E3010) is the first day a para-professional staff is certified.

EndDate (E3020) is the day after the last day a para-professional staff is no longer certified.

FirstName (E0703) identifies a person's legal first name. Do not use an initial FirstName, unless an initial is the legal first name.

MiddleName (E0704) identifies a person's legal middle name. A full MiddleName is require, if applicable. If a staff member has no middle name, leave MiddleName.

For staff, enter the middle name as shown on the identification document. The field must be left blank if the staff has no middle name. Do not use any other text, such as NONE, NA, NMI, etc., for the middle name if the staff has no middle name.

LastSurname (E0705) identifies a person's legal last name. Double last names on the identification document are recorded exactly as shown.

FirstName, MiddleName, and LastSurname fields must match the staff names on the social security card. If an employee is also an LEA student, then staff naming rules must apply to the student's data.

Identification information must be reported for all personnel employed by the LEA, whether or not they serve in areas requiring certification. The *MiddleName* and *GenerationCode* may not apply to all staff members. If the *StaffId* matches a *StudentId*, then the *FirstName*, *LastSurname*, and *BirthDate* must also match.

Entity Description

The StaffEducationOrganizationAssignmentAssociation Entity represents position assignments and roles within the local education agency or school. This entity is used to report non-instructional staff responsibilities.

General Reporting Requirements

The StaffEducationOrganizationAssignmentAssociation Entity contains data elements that are attributes of non-instructional staff assignments. For guidance on reporting *StaffClassification Teacher* (087) and Prekindergarten *Aide* (033), please see the *StaffSectionAssociation* entity.

The StaffEducationOrganizationAssignmentAssociation Entity reflects the assignments for non-instructional professional and para-professional staff only (excluding prekindergarten aides). Multiple records are required for persons who perform duties on more than one campus, assume more than one role, or perform more than one type of service.

Detailed schedules are not reported for Instructional Educational Aides (*StaffClassification* 033) and certified interpreters (*StaffClassification* 036). Instead, a StaffEducationOrganizationAssignmentAssociation entity is submitted showing the total monthly minutes the staff person serves in that role. Generic aide and interpreter *StaffService* (C343) (formerly SERVICE-ID (C022) are available for the record. Staff responsibilities for Prekindergarten educational aides are reported through the *StaffSectionAssociation* entity using the *ClassroomPosition* descriptor *PK Classroom Aide* (05).

PEIMS Fall Submission (1):

The StaffEducationOrganizationAssignmentAssociation Entity is reported for the four weeks in October, including the PEIMS Fall snapshot date (last Friday in October) for non-instructional staff responsibilities. (See StaffClassification vs. StaffService Matrix below for a list of *StaffClassifications* reported using the StaffEducationOrganizationAssignmentAssociation entity.) This reporting requirement applies to all non-instructional professionals employed on the PEIMS Fall snapshot date (last Friday in October). The data elements that must be reported for each *StaffClassification* (C021) are specified in the *StaffEducationOrganizationAssignmentAssociation* entity data validation rules.

If a school is closed for one or more days during the four weeks in October that include the PEIMS Fall snapshot date (last Friday in October), then the staff responsibilities, the services performed, and the minutes associated with those services should be reported as if the school was in operation for each of the days.

Each LEA must report a staff person identified as *StaffClassification* 027 (Superintendent/Chief Administrative Officer/Chief Executive Officer/President). If an Assistant Superintendent or other administrative professional serves as the superintendent due to a vacant superintendent position, that person should be reported as the superintendent. This reporting requirement may result in that person having two different *StaffClassifications* in the *StaffEducationOrganizationAssignmentAssociation* Entity.

All persons in professional non-instructional roles in an LEA must be reported in Submission 1 with the appropriate *StaffClassification*. (See StaffClassification vs. StaffService Matrix below for a list of *StaffClassifications* reporting using the *StaffEducationOrganizationAssignmentAssociation* entity.)

Special Reporting Requirements

The shared services arrangement fiscal agent should report the responsibility data for those administrative or itinerant employees who the fiscal agent pays. When services are provided on a campus of a member district, the *EducationOrganization* reported will be that of the member district campus. Each member district will report the *StaffEducationOrganizationAssignmentAssociation* entity data for any non-instructional professional employees it pays who perform shared services arrangement-related services. For guidance on reporting shared service arrangements for *Teacher* (087) and Prekindergarten *Aide* (033), please see the *StaffSectionAssociation* entity. If a staff member were an employee of the shared services arrangement fiscal agent and a shared services arrangement member, each organization would report all the staff data about that individual's employment with it. TEA would receive only duplicate identification and demographic data in such a case.

The High School Equivalency Program (HSEP) is authorized under Section 29.087 of the Texas Education Code (TEC) and Chapter 89, Subchapter DD of the Texas Administrative Code. This program has no relationship to TEC Chapter 37, Subchapter A, Alternative Settings for Behavior Management. Only those school districts that have applied and been approved by the agency may operate High School Equivalency Programs (HSEP). The HSEP leads to a Certificate of High School Equivalency. Eligible participants must be 16 or older at the beginning of the semester or school year. The grade level is wherever the students are in their educational progress. The *PopulationServed* is usually 01 (Regular) unless the district uses compensatory funds for this program. The *StaffService* for HSEP is SR000008.

The Texas School for the Blind and Visually Impaired, the Texas School for the Deaf, and the Texas Juvenile Justice Department do not report the StaffEducationOrganizationAssignmentAssociation Entity.

Data Element Reporting Requirements

Staff Reference

The Staff Reference represents the identifier assigned to a staff member.

EducationOrganization Reference

The EducationOrganization Reference represents the identifier assigned to a campus.

StaffClassification (E0721) identifies the capacity in which a person serves. Examples counselors, art therapists, and the superintendent.

If a non-instructional professional person's actual role is not found among the list of values for *StaffClassification* (C021), choose the closest approximation to the actual role available in the table. Some non-instructional professional and para-professional staff may also be reported with an *AuxiliaryRoleId* in the *StaffEducationOrganizationEmploymentAssociation* entity if the person provides both professional or para-professional and non-professional auxiliary services. An example includes an educational aide who also drives a school bus route. Some *StaffClassification* (C021) are either similar or identical to the *AuxiliaryRole* (C213). Select only the roles applicable to the *StaffEducationOrganizationAssigmentAssociation* entity for these similar or identical roles.

StaffClassification 033 - Instructional Educational Aides

Instructional Educational Aides are reported as *StaffClassification* 033. *StaffEducationOrganizationAssigmentAssociation* entity records are not reported for Non-Instructional Aides such as library clerks, office clerks, attendance clerks, health clerks, etc. In some instances, an instructional educational aide may serve in a library. A *StaffEducationOrganizationAssigmentAssociation* entity record is reported for aides who work in a library and spend most of their time helping students. Library clerks, who shelve books, check books in and out and handle paperwork for the librarian are not reported on a StaffEducationOrganizationAssigmentAssociation entity record and are, therefore, considered auxiliary staff. Staff Responsibilities for Prekindergarten educational aides are reported through the *StaffSectionAssociation* entity using the *ClassroomPosition* descriptor *PK Classroom Aide* (05).

For further StaffClassification guidance, see the charts below.

BeginDate (E3010) is the first day a staff is assigned to the StaffClassification descriptor.

EndDate (E3020) is the first day after the last day a staff is no longer assigned to the StaffClassification descriptor.

SharedServiceArrangementStaff (E1015) indicates whether the StaffEducationOrganizationAssignmentAssociation being reported is part of a shared services arrangement for which the education service center is the fiscal agent.

SharedServiceArrangementStaff is completed by education service centers only. This data element is not valid for school districts.

StaffService (E3072) refers to the services supplied by staff.

GradeLevel (E0017) indicates the current grade level of the student being served.

For StaffEducationOrganizationAssignmentAssociation, *GradeLevel* will **only** be reported for para-professional staff that provides services to Special Education students. *GradeLevel* will only be reported for Educational Aides (*StaffClassificatioin* 033) serving special education students (*PopulationServed* 06).

For special education educational aides who serve more than one grade level, report at least one StaffEducationOrganizationAssignmentAssociation per grade level range below:

- EE-PK 1 record
- KG-12 1 record

When a special education educational aide serves a class that is a mixture of more than one grade in one of the above ranges, choose one of the grade values to report and divide the MonthlyMinutes based on the percent the aide serves each grade level range listed above.

PopulationServed (E0747) identifies the student population for which a service has been designed or is intended. It does not necessarily identify the program eligibility of the students who receive the service.

The correct descriptor is determined by the population for which the service was designed, not by the student population that receives a service. If two or more populations are being served, only one record should be reported using the population for which the service was designed. If intent cannot be determined, use descriptor 01, regular students.

MonthlyMinutes (E1057) is the total minutes devoted to a particular service in a standard month. A standard month is the four weeks in October, including the PEIMS Fall snapshot date (last Friday in October).

MonthlyMinutes represents a standard month of a service provided during the school year and is used for calculating FTEs. Even if there is a holiday or other non-school day during the four weeks in October, including the PEIMS Fall snapshot date (last Friday in October), report this value as if school was in operation.

MonthlyMinutes is reported for only one non-instructional StaffClassification 008 (Counselor) and is based upon 9600 minutes a month (8 hours per day x 5 days per week x 4 weeks per month).

NumberOfStudentsInClass (E0170) indicates the number of students in membership in the class or the number of students served by the staff member.

The number of students served by the staff member reported is based on the particular *StaffService* provided.

Instructional Educational Aides (*StaffClassification* 033) and Certified Interpreters (*StaffClassification* 036) should be reported with NumberOfStudentsInClass as 0. The following *StaffClassifications* must be reported with a value in the *NumberOfStudentsInClass* data element:

Entity Description

The StaffEducationOrganizationEmploymentAssociation Entity represents the education organization an employee, contractor, volunteer, or other service provider is formally associated with, typically indicated by which organization the staff member has a services contract with or receives their compensation.

General Reporting Requirements

The StaffEducationOrganizationEmploymentAssociation Entity contains data elements that are attributes of staff employment.

The StaffEducationOrganizationEmploymentAssociation Entity is submitted for all staff in PEIMS Fall Submission (1).

PEIMS Fall Submission (1):

All staff reported on the Staff entity, regardless of *StaffClassification*, must also be reported with payroll summary data in the StaffEducationOrganizationEmploymentAssociation Entity.

Special Reporting Requirements

If an LEA has contracted out all or part of a campus operation to a third-party vendor, the LEA is still required to report a StaffEducationOrganizationEmploymentAssociation entity for *StaffClassification* 087 and 047. Even though the teachers are contracted through a third-party vendor, the teachers are teaching at a campus in the LEA. They must be reported to include the information in the staff full-time equivalent (FTE) calculations for the Academic Excellence Indicator System and the Student Assessment Data Portal as required by law. It would not be appropriate to omit a contracted teacher teaching at an LEA campus from the staff data reporting.

All staff employed by the ESC or LEA must be reported with a StaffEducationOrganizationEmploymentAssociation Entity, including those substitute teachers who are replacing teachers who have quit, died, or been fired and have not been permanently replaced. LEAs are generally not required to report substitute teachers who work only on an "as needed" basis. These persons do not have a regular work schedule with a predictable *NumberDaysEmployed* or *PercentDayEmployed*.

NumberDaysEmployed and PercentDayEmployed are reported as it was planned for the school year as of the PEIMS Fall snapshot date (last Friday in October). If a staff person's situation changes after the PEIMS Fall snapshot date (last Friday in October), report that person only as they were employed on the PEIMS Fall snapshot date (last Friday in October). For example, if a staff member changed from full-time to part-time after the PEIMS Fall snapshot date (last Friday in October), the staff member would be reported as full-time. If a person does not work the same number of

days as shown in the contract, then the actual number of days the employee will work must be reported. This situation may occur when a person does not begin work at the start of the school year.

Data Element Reporting Requirements

Staff Reference

The Staff Reference represents the identifier assigned to a staff member.

EducationOrganization Reference

The EducationOrganization Reference represents the identifier assigned to a campus.

EmploymentStatus is required in the Ed-Fi model and is mandatory for the entity to be loaded into the individual operational data store (IODS). EmploymentStatus will not be promoted to the TSDS or PEIMS datamarts.

PercentDaysEmployed (E0760) is the percentage of a standard LEA workday for which the employee is hired to work.

For an employee on contract, the percentage may be determined directly from the contract: full-time = "100"; half-time = "50"; and so on. For an employee not on contract, the percentage may be determined as follows:

Example: the standard workday for the LEA is 7 hours. An employee is hired to work for 4 hours a day. This data element is "57" for this employee because 4/7 = .571, which is rounded down.

The value reported must be a whole number. If the computed value is greater than ". ##50...", use rounding to the next higher percent to avoid using decimals or fractions. For example, .6251 is reported as "63".

Employees such as cafeteria workers and bus drivers who work only a few hours daily are not to be reported as "100" in this field. Do not look at the job but rather the hours worked related to the standard LEA workday.

NumberDaysEmployed (E0160) indicates the actual number of at-work days within the school year that a person is scheduled to work in the LEA. This number does not include holidays, weekends, and any other days the employee is not scheduled to work.

If a person does not work the same number of days as shown in the contract, then the actual number of days the employee will work must be reported. This situation may occur when a person does not begin work at the start of the school year.

Staff Payroll Calculated Values

Full-Time Equivalents (FTEs) are calculated in the following manner:

If NumberDaysEmployed is greater than or equal to 187, then FTE = PercentDayEmployed divided by 100.

If NumberDaysEmployed is less than 187, then FTE =

(PercentDayEmployed divided by 100) X (NumberDaysEmployed)

187

Base Salary is the total of all *PayrollAmount* where *PayrollActivity* is 80 (Base Salary).

FTE Salary is Base Salary divided by FTE.

AuxiliaryRoleId (E1594) identifies the capacity in which a nonexempt auxiliary employee serves.

The AuxiliaryRoleId is reported for all LEA employees who serve the LEA in a non-professional or non-para-professional role. Persons with an AuxiliaryRoleId are reported with base pay associated with Object 6129 (Salaries Or Wages For Support Personnel). Some professional staff may also be reported with an AuxiliaryRoleId. An example would be a StaffClassification 087 (Teacher) that also drives a bus route for the school. This person would have at least two payroll accounting entries: Object 6119 (Salaries Or Wages-Teachers And Other Professional Personnel) and Object 6129 (Salaries Or Wages For Support Personnel).

There is some duplication between the *StaffClassification* table and the *AuxiliaryRoleId* table; therefore, it is the LEA's discretion to determine if the staff person is employed in a professional or non-professional capacity.

For additional guidance on reporting *StaffClassification* or the *AuxiliaryRoleId* for staff, please see the "When to Report StaffClassification or AuxiliaryRoleId" table in the Staff entity.

BeginDate (E3010) is the first day a nonexempt auxiliary staff is assigned to the AuxiliaryRoleId descriptor.

EndDate (E3020) is the first day after the last day a nonexempt auxiliary staff is no longer assigned to the AuxiliaryRoleId descriptor.

HireDate (E3032) is the first day a staff member is employed at an educational organization.

EndDate (E3020) is the first day after the last day a staff member is employed at an educational organization.

Entity Description

The StaffSchoolAssociation Entity indicates the school(s) to which a teacher provides instructional services for the Teacher Incentive Allotment (TIA). The StaffSchoolAssociation Entity is only reported for a TIA-designated, pending designation, or National Board Certified teacher.

General Reporting Requirements

Class Roster Winter Submission:

The StaffSchoolAssociation Entity must be reported for each *StaffClassification* 087 (Teacher) reported with a TeacherIncentiveAllotmentDesignation on the Staff Entity if the teacher is not reported with a StaffSectionAssociation Entity.

Special Reporting Requirements

Currently, there are no special reporting requirements.

Data Element Reporting Requirements

Staff Reference

The Staff Reference represents the identifier assigned to a staff member.

School Reference

The School Reference represents the identifier assigned to a campus.

ProgramAssignment (E3045) defines the name of the education program for which a teacher is assigned to a school.

ProgramAssignment is only used when reporting a StaffSchoolAssociation Entity for a Teacher Incentive Allotment designated, pending designation, or National Board Certified teacher.
